

## September and October News

Ms O Sullivan's 4<sup>th</sup> class started book buddies with 1<sup>st</sup> class it is a very fun activity for 1<sup>st</sup> so they can get to know the school.

The two sixth classes went to super value and tasted new foods like Soya milk, Tomatoes, blueberry's and many more.

We also had two workshops a marine and science work shop they were very fun and interesting.

**In October** the two sixth classes had their service of light to prepare them for confirmation.

Both 6<sup>th</sup> classes had an internet safety talk and learned a lot  
Ms. O Connell's 6<sup>th</sup> class made teabags with plastic bags and coffee filters.

## MATHS WEEK 2017

In October, for maths week 6<sup>th</sup> class organized a maths fun day in the school Halla for all classes.

This involved lots of fun games which everyone enjoyed!

6<sup>th</sup> class also went down to junior infants and did some fun math with them and they had lots of fun!

We also had some fantastic entries for our shape-art competition and we had great fun with some estimation quizzes...How many steps to the office from...?

## READING

The two 5<sup>th</sup> classes started and are reading the book

one book one community wonder.

On the 15<sup>th</sup> of November a talk about the immune system

And also did a science acid and bases they also did a crime scene experiment.

few classes took part in a

Before the midterm break we had a lovely treat by being able to meet Judi Curtin an amazing author who write books that our school is very fond of.

We finished the term off with some Halloween dress up fun!
