## 10.20-10.45am Maths - Work It Out p52

Do Monday and Tuesday questions on page 52.

If you have difficulty with any question, ask someone at home or you can let me know. I'll send all of the answers next week to you can see how you get on with them.

**10.45-11am Break**

**11am-12noon RTÉ HOME SCHOOL HUB ON RTÉ 2 AT 11AM**

**12noon – 12.45pm PROJECT WORK**  
**This week's project – “Dream School Tour”**

Unfortunately this year, we will physically be unable to go on a school tour as a class. However, your project for this week is to design a “Dream School Tour” for the class. As this is imaginary (!) the world is your oyster. You can decide where we'll go, what we'll do, how long it will last etc.

**You will need to decide:**

**Destination:** Where we will go. Will it be in Cork? somewhere in Ireland? Europe? Further away? Disneyland, Florida? Cruise in the Caribbean? It can be somewhere that you visited or a place you'd like to go to (*Keep it on Planet Earth!*)

**How long it will be for?** A day trip? Overnight? A few days and nights? (*Plan for anything up to 1 week!*)

**What activities?** You should select a variety of activities to do. Some people prefer swimming, some prefer museums, some prefer indoors, some prefer outdoors so choose a wide selection of things to do.

**Timetable:** You will need to create a detailed timetable, outlining how long will be spent at every thing. For example.....

**Monday June 15<sup>th</sup>**

8am	Meet at Kent Train Station, Cork
8.30am	Depart Kent Train Station, Cork
11am	Arrive in Heuston station, Dublin
11.30-12.30pm	Visit Natural History Museum
12.30-1.30pm	Lunch in St. Stephen's Green
1.30pm-3pm	Visit Dublinia - Medieval Dublin
3pm	Check into the 5* Shelbourne Hotel
3.45pm	Bus to the National Aquatic Centre
4pm-6.30pm	Fun in the National Aquatic Centre
7pm	Dinner in _____ restaurant
8-9.30pm	Film in Hotel Cinema
9.30pm	Bed

**Remember, the longer the trip, the more organising you have to do!**

**Accommodation:** If it's more than a day trip, you'll need to choose a hotel/hostel/campsite

**Travel** – how to get there, flights, buses, trains, walk (price everything)

**Price:** Remember to include spending money for food, cost of activities, travel expenses accommodation etc.

THESE ARE THE **3 IMPORTANT TASKS** THAT YOU MUST INCLUDE FOR YOUR PROJECT

1. Write a **letter** to the other girls and their parents about the tour, convince/persuade them to come on this amazing once in a lifetime tour! Include information like details of all the activities, the cost and what they will need to bring with them etc.
2. Write up the **timetable** from the beginning to the end of the tour (the itinerary)
3. Design a **poster** with the main information on it.

**I can't wait to see what you come up with – please ask your parents to email your project to me at [4thclass@stpatricksgirls.net](mailto:4thclass@stpatricksgirls.net). Enjoy!**

English – Persuasive/Discussion writing

**Writing a Persuasive Text**

**Title**  
**Dogs Make the Best Pets**

**Introduction**  
When it comes to pets, it is **without a doubt** that dogs most certainly **make the best pets**. Dogs are **loyal, affectionate** and **active** animals, making them perfect pets for children.

**1st argument paragraph**  
**Firstly**, everyone knows that **dogs are the most loyal of pets**. They will **sit with you** when you are sick, they love to spend time with you, **play with you** and **they will guard your house**.

**2nd argument paragraph**  
**Secondly**, it is widely known that **dogs are affectionate**. Dogs **like to be hugged**, petted and rubbed by their owners. Dogs also **excitedly greet you** when you come home - no other pet will run, jump up and hug you as soon as you walk through the door!

**3rd argument paragraph**  
**Finally**, **dogs are active animals**. They **require regular walking** which means that **children** who walk their dogs **will also get regular exercise**. **Dogs love to play fetch** which is also a great outdoor activity.

**Conclusion**  
**In conclusion**, **there is no question** that **dogs make the best pet for children**. This is because of their **loyalty**, their **affectionate** nature and their **active** lifestyle. Do yourself a favour and buy a dog today!

**Summarise reasons**  
**4 BOUNCY BALLS**

Read this poster and examine the layout:

1. Title
2. Introduction (giving opinion and brief reasons)
3. 1<sup>st</sup> argument paragraph
4. 2<sup>nd</sup> argument paragraph

6. Conclusion (state your opinion again and summarise the reasons)
7. Use time connectives (Firstly, secondly, finally)
8. Use strong persuasive language (without a doubt, there is no question about it, I strongly encourage you....)

Use this vocabulary in your writing to help you to make your point in a strong persuasive tone.

Try writing a short piece of persuasive writing

## 9.30-9.55am English Persuasive/Discussion Writing

### Persuasive Writing Examples

Dear Mr. Jones,

I am writing to you because I would like to see harsher penalties imposed on dog owners who allow their pets to foul the pavements and not clear up the mess. I see new piles of dog waste every day when I walk to school. I feel very strongly that this is not acceptable and I would like you to do something about it.

Children especially do not look at the ground as carefully as adults because they are often playing or skipping or running. Obviously, they are much more likely to step in dog mess. This has happened to me several times recently and also to many of my friends.

When you get dog mess on your shoes, everyone knows about it. The horrid smell makes you feel ashamed, almost as if everyone is looking at you and you often have to take your shoes off and leave them outside or run the risk of getting poo all over you when you try to clean your shoes. Why should children be made to feel like this?

If people choose to own dogs, then they should make sure that the pavements are left suitable for everyone to use. It is totally obvious that clearing up dog mess is just as much a part of owning a dog as feeding it or taking it for walks. If owners are not prepared to clean up after their dog, then they should not own one.

In summary, I am fed up of ordinary people, particularly children, suffering while they go about their daily business as a result of the laziness of some dog owners. While I appreciate that most dog owners take their responsibilities seriously, I think that those who don't should pay a much heavier penalty.

Yours sincerely,

Mr. I. Trodinit.
